MEET THE OWNER

As a graduate of the **Bachelor of Science in Hotel and Restaurant Management**, I developed a strong interest in **Marketing Management and Customer Service**, which led me to work in the field for approximately three years. I also completed training and earned my **license as a Professional Event Organizer**.

During my time at the **Development Academy of the Philippines (DAP) in Tagaytay** as a **Marketing Executive**, I had the opportunity to coordinate and communicate with **department heads across the Philippines**, as well as **school directors and managers of major enterprises nationwide**. I was also part of the team that organized the **Eco-Products International Fair 2009**, a large-scale event attended by **senators**, **governors**, and **former President Gloria Macapagal-Arroyo** as VIP guests.

My strong personality and management skills sparked a desire for greater fulfillment, which eventually led me to establish my own business on 2012 — **Al Fresca Events Management Services,** a Catering and management solution for all kinds of events.

I am highly driven and passionate about embracing new challenges, continuously seeking opportunities to grow, innovate, and share my talents in the field.

My experience has taught me a great deal about engaging with customers effectively. Over the years, I have developed strong problem-solving skills, honed my ability to manage conflicts and handle demanding situations, and refined my communication skills.

I am deeply passionate about delivering exceptional customer service and consistently strive to provide the best possible experience for every client.
